

FLOWCHEQ LOGISTICS

Powering Africa's Electric Mobility Future

THE PROBLEM

Africans spend up to 40% of income on costly, polluting transport.
1.2B tonnes of CO2 emitted annually. Fragmented inter-state routes.

OUR SOLUTION

EV passenger fleet + last-mile logistics + smart payments
built for African scale.

MARKET

\$170B mobility gap. 1.4B people. AfCFTA unlocks 54 markets.

TRACTION

Pilot live in Abia State. 184,302 rides. 12,480t CO2 reduced.

BUSINESS MODEL

Per-ride revenue + logistics SaaS + payments interchange + hire-purchase financing.

THE TEAM

Operators, engineers, and capital partners building Africa's transport OS.

THE ASK

Series A - partner with us to scale across 24 cities by 2027.
